

# Technical Superintendent

For World Marine Offshore Germany, we are looking for a Technical Superintendent. Your primary job will be to coordinate the maintenance on WMO CTV vessels.

World Marine Offshore operates a fleet of 15 vessels. We have operations out of Germany, Denmark, United Kingdom and Taiwan.

## The job:

You will be part of our German setup as Technical Superintendent primarily in Saßnitz on the island Rügen and northern Germany. You will have a central role in the planning of maintenance and repair of our vessels. Technically, you will be challenged by our modern and innovative fleet, with a complex setup and strict schedules for the vessels. Part of the job is to assist the vessel with maintenance jobs.

You will manage our German service team and report to the Country Manager.

## If you are interested to be a part of Our team:

Send your application including CV to mail: [me@wm-offshore.com](mailto:me@wm-offshore.com)

Interviews will be carried out during the application process.

For further information please contact Matthias Ens on [me@wm-offshore.com](mailto:me@wm-offshore.com)

## Your profile:

Educational / professional experience

- Background as Marine Engineer
- Experience with Planned Maintenance Systems
- Good English verbal and written communication skills
- Knowledge of Microsoft Office programs, MS Word, Excel, Outlook and PowerPoint
- German nationality

As a person you are motivated, service minded and you are a good communicator who likes to work with people. You are curious and innovative in your way of working.

Merchant Marine sailing experience is an advantage.

### GLOBAL SOLUTIONS

World Marine Offshore is a Danish shipping company established in 2012 in the port of Esbjerg to meet the increasing demand for cost effective, safe and efficient solutions.

We specialize in offshore crew transfer, cargo transfer, guard operation, rescue support and chase operations.

World Marine Offshore has HQ in Denmark but operate world wide. Latest areas of operations comprise Denmark, Germany, United Kingdom, Belgium, The Netherlands and France.
